

PRICE LIST

Professor Tagir R. Fayzullin

PLASTIC SURGEON, DOCTOR OF MEDICAL SCIENCES

Dubai, UAE · Effective from 1 August 2026 · All prices are in UAE dirhams (AED)

◆ BREAST AUGMENTATION — *augmentation mammoplasty*

1.	Breast augmentation with anatomical or round implants (implants, compression garment, anesthesia and hospital stay included)	
	I Complexity category	45 000
	II Complexity category	50 000
	III Complexity category	55 000
2.	Lowering or correction of the inframammary fold	20 000
3.	Single-breast augmentation (implant, compression garment, anesthesia and hospital stay included)	22 500

◆ BREAST LIFT WITH AUGMENTATION

1.	Periareolar breast lift with augmentation using round or anatomical implants (implants, compression garment, anesthesia and hospital stay included)	
	I Complexity category	48 000
	II Complexity category	52 000
2.	Vertical-scar breast lift with augmentation using anatomical or round implants (implants, compression garment, anesthesia and hospital stay included)	52 000
3.	Inverted-T (anchor) breast lift with augmentation using anatomical or round implants (implants, compression garment, anesthesia and hospital stay included)	55 000
4.	Periareolar single-breast lift with augmentation (implant, compression garment, anesthesia and hospital stay included)	24 000
5.	Vertical-scar single-breast lift with augmentation (implant, compression garment, anesthesia and hospital stay included)	26 000
6.	Inverted-T (anchor) single-breast lift with augmentation (implant, compression garment, anesthesia and hospital stay included)	28 000

◆ BREAST LIFT — *mastopexy*

1.	Periareolar breast lift	34 000
2.	Vertical-scar breast lift (compression garment, anesthesia and hospital stay included)	38 000
3.	Inverted-T (anchor) breast lift (compression garment, anesthesia and hospital stay included)	42 000
4.	Periareolar single-breast lift (compression garment, anesthesia and hospital stay included)	22 000
5.	Vertical-scar single-breast lift (compression garment, anesthesia and hospital stay included)	24 000
6.	Inverted-T (anchor) single-breast lift (compression garment, anesthesia and hospital stay included)	28 000

◆ BREAST REDUCTION

1.	Vertical-scar breast reduction (compression garment, anesthesia and hospital stay included)	42 000
2.	Inverted-T (anchor) breast reduction (compression garment, anesthesia and hospital stay included)	48 000
3.	Vertical-scar single-breast reduction (compression garment, anesthesia and hospital stay included)	22 000

◆ CORRECTIVE PROCEDURES

1.	Inverted nipple correction under local anesthesia, one side (general anesthesia is charged separately)	20 000
----	--	--------

2.	Inverted nipple correction under local anesthesia, both sides (general anesthesia is charged separately)	28 000
3.	Areola reduction under local anesthesia, one side (general anesthesia is charged separately)	26 000
4.	Areola reduction under local anesthesia, both sides (general anesthesia is charged separately)	30 000
5.	Implant malposition correction, simple	28 000
6.	Implant malposition correction, double-bubble deformity	36 000
7.	Tuberous breast correction	42 000

◆ IMPLANT REPLACEMENT

1.	Breast implant replacement with round implants (implants, compression garment, anesthesia and hospital stay included)	48 000
2.	Breast implant replacement with anatomical implants (implants, compression garment, anesthesia and hospital stay included)	48 000
3.	Single implant replacement with a round implant (implant, compression garment, anesthesia and hospital stay included)	24 000
4.	Single implant replacement with an anatomical implant (implant, compression garment, anesthesia and hospital stay included)	24 000

◆ IMPLANT REMOVAL

1.	Implant removal, both sides (general anesthesia and compression garment charged separately)	36 000
2.	Single implant removal (general anesthesia and compression garment charged separately)	24 000
3.	Gel removal from the submammary spaces (general anesthesia and compression garment charged separately)	56 000

◆ GYNECOMASTIA

1.	Gynecomastia correction (male breast reduction), one side	28 000
2.	Gynecomastia correction, both sides	36 000
3.	Gynecomastia correction with liposuction, one side	24 000
4.	Gynecomastia correction with liposuction, both sides	34 000

◆ BLEPHAROPLASTY — eyelid surgery

1.	Upper eyelid blepharoplasty under local anesthesia (general anesthesia is charged separately)	12 000
2.	Upper eyelid blepharoplasty under intravenous sedation (general anesthesia is charged separately)	14 000
3.	Lower eyelid blepharoplasty under local anesthesia (general anesthesia is charged separately)	14 000
4.	Lower eyelid blepharoplasty with fat repositioning under local anesthesia (general anesthesia is charged separately)	16 000
5.	Transconjunctival lower eyelid blepharoplasty under local anesthesia (general anesthesia is charged separately)	16 000
6.	Canthopexy (eyelid support tightening) under local anesthesia (general anesthesia is charged separately)	9 000
7.	Asian upper eyelid surgery under local anesthesia (general anesthesia is charged separately)	12 000
8.	Single upper eyelid surgery for congenital ptosis under local anesthesia (general anesthesia is charged separately)	22 000

◆ OTOPLASTY — ear surgery

1.	Otoplasty, one ear, under local anesthesia (general anesthesia is charged separately)	9 000
2.	Otoplasty, both ears, under local anesthesia (general anesthesia is charged separately)	12 000
3.	Revision otoplasty, one ear, under local anesthesia (general anesthesia is charged separately)	17 000
4.	Revision otoplasty, both ears, under local anesthesia (general anesthesia is charged separately)	20 000
5.	Earlobe correction, one side, under local anesthesia (general anesthesia is charged separately)	9 000
6.	Earlobe correction, both sides, under local anesthesia (general anesthesia is charged separately)	9 500

◆ INTIMATE SURGERY

1.	Labia minora correction (labiaplasty) under local anesthesia	21 000
2.	Labia majora correction	23 000
3.	Labial lipofilling (fat transfer)	14 000

◆ TUMMY TUCK — abdominoplasty

1.	Mini-abdominoplasty (without umbilical transposition), compression garment, anesthesia and hospital stay included	26 000
----	---	--------

2.	Full abdominoplasty with umbilical transposition, compression garment, anesthesia and hospital stay included	48 000
3.	Full abdominoplasty with umbilical transposition and rectus muscle plication, compression garment, anesthesia and hospital stay included	52 000
4.	Umbilical correction under local anesthesia	10 000

◆ LIPOSUCTION

1.	Liposuction of one facial area under local anesthesia	12 000
2.	Liposuction of one body area under local anesthesia	10 000
3.	Knee liposuction under local anesthesia	14 000

For liposuction of more than 5 areas, general anesthesia, hospital stay and a compression garment are included in the price.

◆ LIPOFILLING — fat transfer

1.	Lipofilling, up to 5 ml	12 000
2.	Lipofilling, up to 10 ml	14 000
3.	Lipofilling, over 10 ml	16 000

◆ SCAR REVISION

1.	Excision of a facial scar or lesion up to 3 cm under local anesthesia (general anesthesia is charged separately)	12 000
2.	Excision of a scar up to 5 cm and benign lesions under local anesthesia (general anesthesia is charged separately)	16 000
3.	Excision of a scar 6–15 cm under local anesthesia (general anesthesia is charged separately)	14 000
4.	Excision of a scar over 15 cm under local anesthesia (general anesthesia is charged separately)	18 000
5.	Excision of a scar and benign lesions with tissue rearrangement	20 000

◆ ANESTHESIA

1.	Anesthetic injection	500
2.	Topical anesthesia (Liracaine), 5 g	600
3.	Topical anesthesia (EMLA), 5 g	600
4.	General anesthesia (intravenous / endotracheal)	4 000
5.	Hospital stay, per day	2 000

◆ ADDITIONAL SERVICES

1.	Compression garment	500
2.	Additional day of hospital stay	2 000
3.	Plastic surgeon consultation (by appointment)	1 000

All prices are in UAE dirhams (AED)

Prices are for reference only and do not constitute a public offer. The exact cost of surgery is determined at the consultation.
